Factsheet Status March 2015

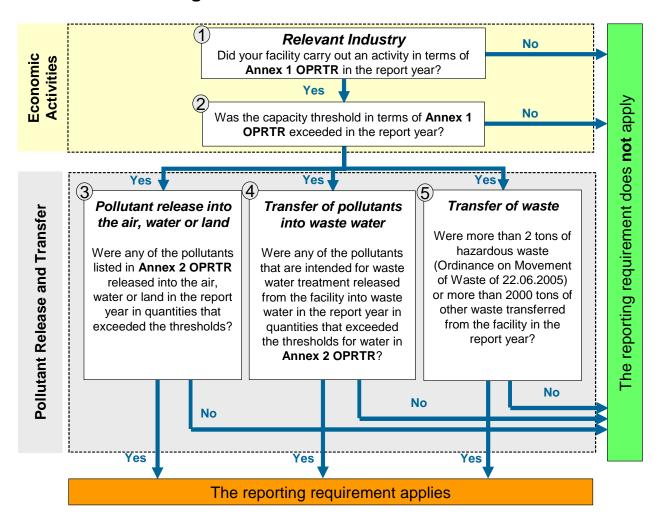

The Swiss Pollutant Release and Transfer Register (SwissPRTR)

The SwissPRTR is Switzerland's publicly accessible Pollutant Release and Transfer Register. It provides information on releases of specific pollutants to air, water or land, on transfer of waste and of pollutants in waste water. The SwissPRTR thus contributes to the information available to the general public on the environment and to the reduction of environmental pollution in Switzerland.

The **legal basis** of SwissPRTR is the ordinance on the register relating to pollutant release and the transfer of waste and of pollutants in waste water **OPRTR** of December 15, 2006.

This factsheet enables facilities to ascertain whether they are subject to the reporting requirement under the provisions on the SwissPRTR.

Who is affected? A guide for facilities
