

Reference/file number: K412-0861

3003 Bern, October 2011

2010 paper statistics

Population of Switzerland in 2010: 7,855,000 inhabitants

Number of companies in the Swiss paper and board industry: 13

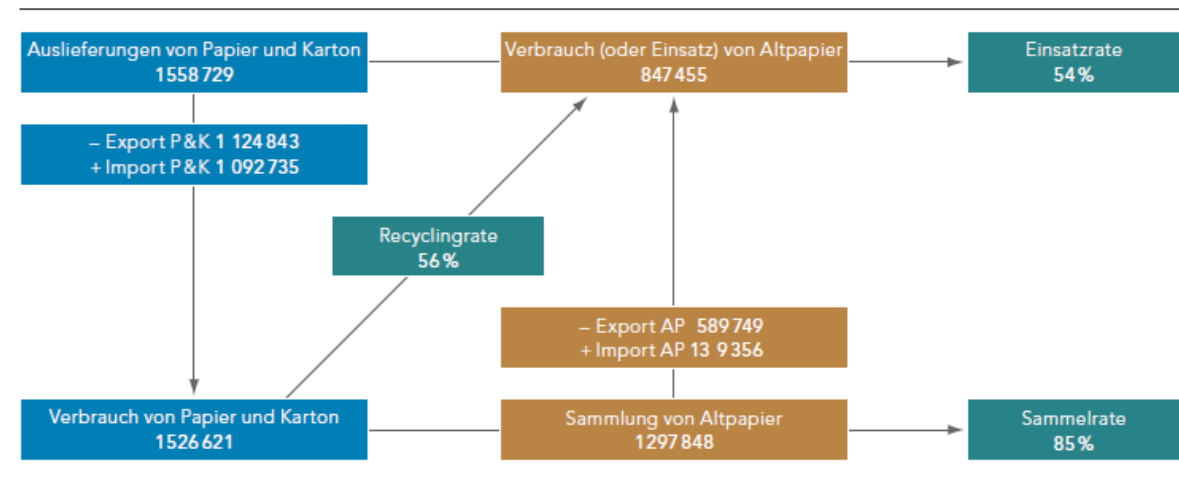

Production and consumption of new paper

Total production:			1,559,000 t
Newsprint	283,000 t		
Other graphic paper	748,000 t		
Household and hygienic paper	78,000 t		
Packaging materials	338,000 t		
Other paper	113,000 t		
(Cardboard fell from approximately 118,000 t to approximately 40,000 t)			
Export: (72% of production)			1,125,000 t
Import: (70% of consumption)			1,093,000 t
Consumption: (production + import - export)			1,527,000 t
per person			194 kg
Newsprint	239,000 t	16%	30 kg
Other graphic paper	613,000 t	40%	78 kg
Household and hygienic paper	178,000 t	11%	23 kg
Packaging materials	484,000 t	31%	62 kg
Other paper	14,000 t	0.8%	2 kg
Consumption of pulp (delivery – export + import)			1,187,000 t
Pulp production (deliveries)	pulp production ceased in 2009		
Pulp consumption		468,000 t	
Wood pulp production	124,000 t		
Wood pulp consumption		119,000 t	
Waste paper use (recycled)	638,000 t		
Waste paper consumption		599,000 t	

Collection and recycling of waste paper and cardboard

Collection:	1,298,000 t
in % of total consumption of paper/cardboard (collection rate; including approx. 5% foreign materials) 85%	
in kg per person:	165 kg

Around half of waste paper comes from municipal waste collection.

Import (all types): 16% of waste paper consumption	139,000 t
Certain high-quality waste paper must be imported due to the domestic shortage.	
Export: 45 % of collected waste paper	590,000 t
Waste paper consumption (raw material):	847,000 t
in % of deliveries/production of paper and cardboard (rate of use):	54%
in % of consumption of paper and cardboard (recycling rate):	56%
Consumption / use of waste paper 2010 (minus losses):	638,000 t
