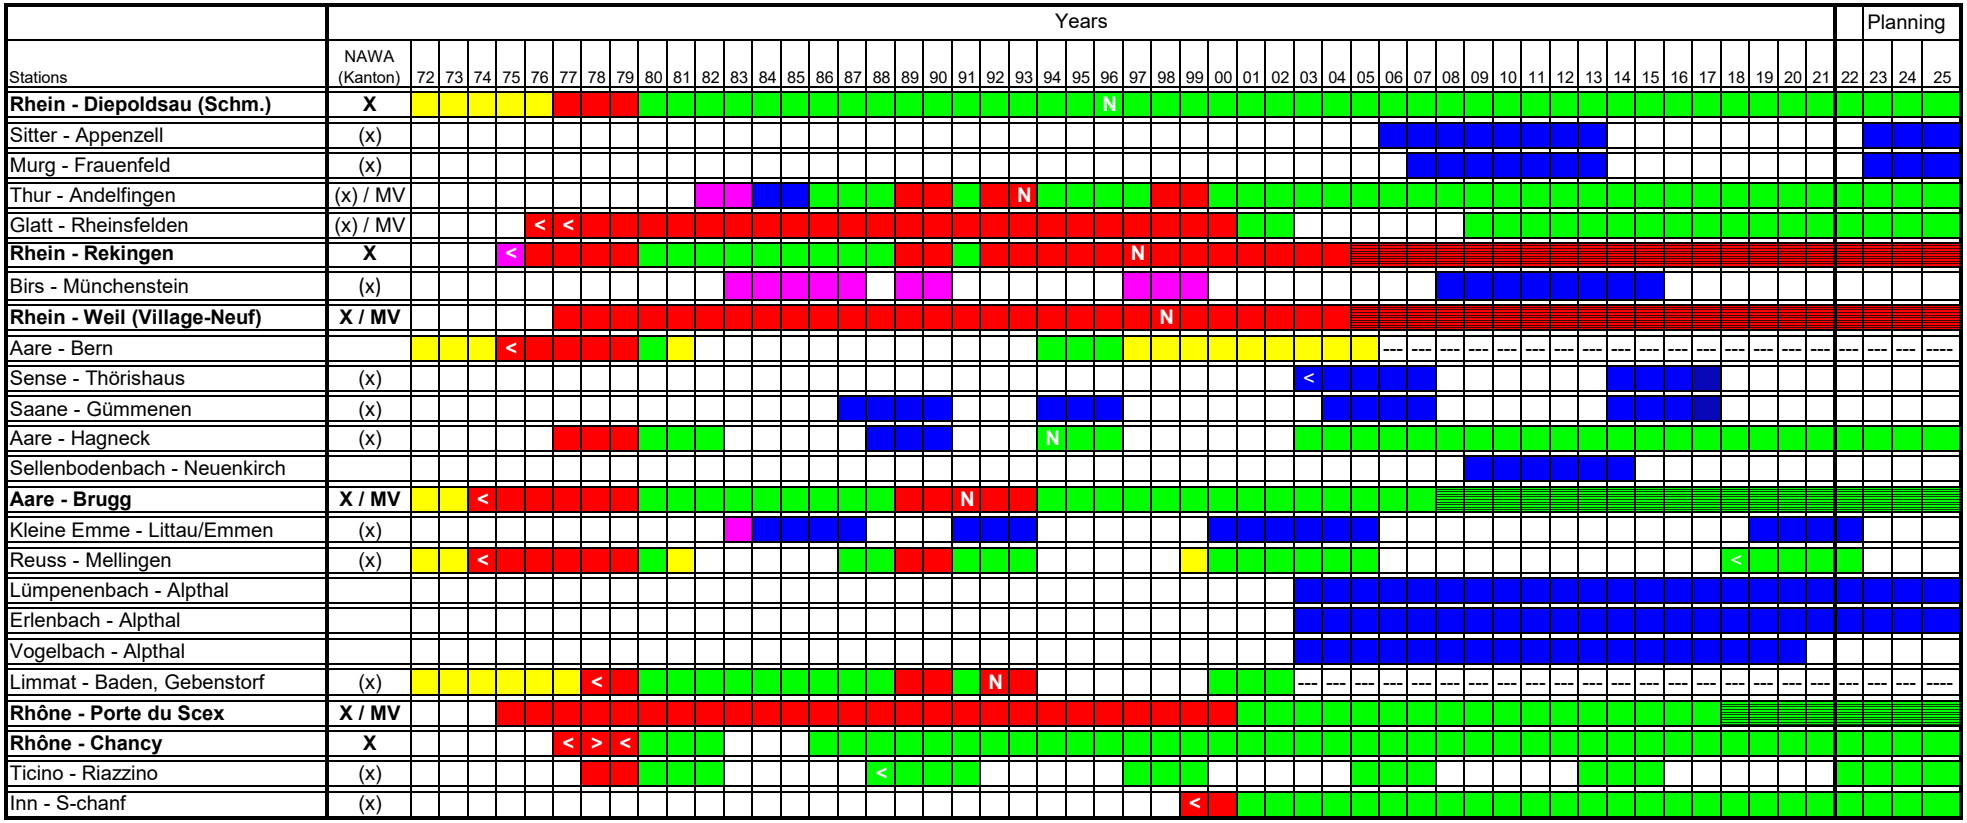
NADUF - Station Network



R = Online mesurement T /O_2 /conductivity /pH

A = Nutrients / parameters anthropogenic influences

G = Geogenic parameters

M = Heavy metals

Base stations

</> = Incomplete year

N = NH_4/NO_2 measurement campaign

--- = Station cancelled

= Chemical analyses by AUE (Basel city)

= A + G = R + A + G = A + G + M

= R = R + A + G + M

X = NAWA sampling through NADUF programm

(x) = NAWA sampling through canton

MV = Micropollutants
