Communication and update on Switzerland's NDC in accordance with UNFCCC decision 1/CP.21, § 24-25

In accordance with UNFCCC decision 1/CP.21 paragraphs 24 and 25, Switzerland hereby confirms its nationally determined contribution (NDC) under the Paris Agreement submitted in February 2015 and recorded in the interim NDC registry. Switzerland is working on an NDC, which will be enhanced by reflecting the decision of the Federal Council to aim for net-zero emissions by 2050 and by applying the guidance adopted at the 24th meeting of the Conference of the Parties (COP-24) in Katowice. The Swiss parliament currently discusses the revision of the CO₂ law and hence the policies and measures for the implementation of the NDC. Therefore, Switzerland will submit the information necessary for clarity, transparency and understanding of the NDC in accordance with Article 4.8 of the Paris Agreement consistent with UNFCCC decision 4/CMA.1 as soon as the revised CO₂ act has been adopted,.
