

## National Groundwater Monitoring NAQUA

Federal Office for the Environment FOEN

### Active substances and metabolites of pesticides in groundwater

Period of time 2007 - 2020  
Monitoring site Module SPEZ and TREND  
Comments Maximum value per monitoring site

Active substance	Metabolite	Classification during the approval procedure*	Monitoring sites [number]															
			Concentration >0.1 µg/l															
			2007	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2007-2020
